Hi Pelin!

My name is Richard. I'm 16 years old. I'm a high school student. I live in London with my family. It's the capital city of England. The weather is changeable, here. There is a famous idiom, "as changeable as British weather". Anyway, my father, John, is a dentist. He has his own clinic. He's Irish. He's 45 years old. My mother, Amelie, is a tourist guide. She's from France. She is 42. She can speak French, Turkish and English. She is great at languages. I have a brother and sister. My brother's name is Tom. He is 14 years old. He is a student in a secondary school here. He likes football. He's a good goal keeper. His motto is "football is my life". My sister's name is Julia. She is 9 years old. She is a student in a primary school. She is a social butterfly. She has a dog. Her name is Pucky. She likes being with her friends and her pet. I would like to learn more about you and your family.
